Mission & Vision.

MISSION

- Since 2018, this mission has guided every decision at M/s Tanzin Traders. We act as the operational backbone for importers, exporters, manufacturers, and government organizations alike. As a single-source logistics partner, we eliminate supply chain friction by uniting freight forwarding, customs brokerage, and warehousing under one roof. This integrated approach shortens communication chains and provides our clients with a single point of absolute accountability from origin to final destination.
- Central to our mission is a strict commitment to compliance and professionalism. As a Licensed Freight Forwarder, Customs Shipping Agent, and Government of Bangladesh First-Class Contractor serving the Ministry of Food since 2018, we extend the same rigorous public-sector discipline to every private-sector shipment we handle. By blending cutting-edge tracking visibility with local regulatory expertise, we replace supply chain uncertainty with clear, proactive communication—allowing our clients to focus entirely on scaling their core business.

VISION

- Our vision is rooted in a simple belief: trust earned through consistent performance is our most valuable asset. We envision a future where M/s Tanzin Traders is the definitive choice when businesses—ranging from local manufacturers and industrial importers to high-stakes government agencies—seek a logistics partner they can depend on without reservation. We aim to operate as an indispensable extension of our clients' own operations, protecting their commercial interests at every port, customs checkpoint, and international border crossing.
- Regionally and internationally, we benchmark our operations against global standards for documentation quality, industry-specific service design, and client communication, while leveraging the unmatched on-the-ground market knowledge that only a Bangladesh-focused expert can offer. For M/s Tanzin Traders, full regulatory compliance is not a legal constraint; it is a competitive advantage that shields our partners from delays and financial risks. As we continue to expand our global trade lanes, fleet, and capabilities, our ultimate metric of success remains the growth and global competitiveness of the clients who depend on us.

M/S TANZIN TRADERS
Logistics, made simple

Our Core Values

Our operational philosophy is built upon four unyielding pillars that guide our team's decisions and guarantee your peace of mind:

- **Absolute Compliance:** We treat regulatory frameworks and customs guidelines as non-negotiable. Our strict adherence to trade laws shields our clients from financial penalties and transit delays.
- **Uncompromising Integrity:** Transparency is the bedrock of our business. From clear, honest pricing to real-time milestone updates, we build relationships based on radical truth.
- **Operational Agility:** Global logistics change rapidly. Our team is trained to think dynamically, providing swift problem-solving and adaptive routing to keep your cargo moving under any circumstances.
- **Client-First Accountability:** We do not just move cargo; we manage your peace of mind. We assume full ownership of your shipment from the warehouse floor to final delivery.

- Husbandry;
- Crewing;
- Operations - Loading, discharging, and tallying freight;
- Technical - Repairs, engineering, and spare parts;
- Disbursements: Port dues, invoices etc.

Sea Freight Solutions

M/s Tanzin Traders delivers highly dependable Ocean Freight solutions designed to keep your global supply chains moving predictably and cost-effectively, no matter how complex the lane or market conditions. Leveraging deep, strategic alliances with leading global ocean carriers, we secure optimized freight rates and guaranteed vessel space allocations—even during peak shipping seasons and capacity crunches. We are fully equipped to handle both Full Container Load (FCL) and Less than Container Load (LCL) cargo across all major global shipping corridors.

From advanced routing architecture to consolidated shipping arrangements, our dedicated sea freight specialists take full ownership of the entire administrative and physical footprint of your maritime cargo. We flawlessly manage intricate documentation, port handling, container tracking, and terminal operations across major global hubs. Whether you are importing heavy heavy industrial machinery or exporting time-sensitive consumer goods, we eliminate transit friction, solve logistics bottlenecks before they happen, and provide complete, real-time visibility from the origin port to your final destination.

Air Freight Solutions

When time-critical deadlines leave no room for error, M/s Tanzin Traders delivers swift, highly dependable Air Freight solutions designed to move your high-value cargo at the speed of business. Utilizing strategic partnerships with major international airlines, we guarantee prioritized space allocations and flexible routing options for both Express & Standard Air Cargo, ensuring your global supply chain retains maximum agility.

Our specialized air cargo team possesses the specific regulatory training and technical expertise required to handle complex cargo profiles seamlessly. This includes strict compliance frameworks for Dangerous Goods Handling and meticulous cold-chain management for Perishable and Time-Sensitive Cargo.

We eliminate airport administrative friction by offering an integrated Door-to-Door Delivery service. Our team takes absolute ownership of the entire journey—from origin warehouse pickup and airport customs clearance to rapid final-mile distribution. When you trust M/s Tanzin Traders with your air freight, you receive clear milestone visibility, proactive communication, and an elite commitment to meeting your strictest operational timelines flawlessly.

Road Transport & Inland Logistics

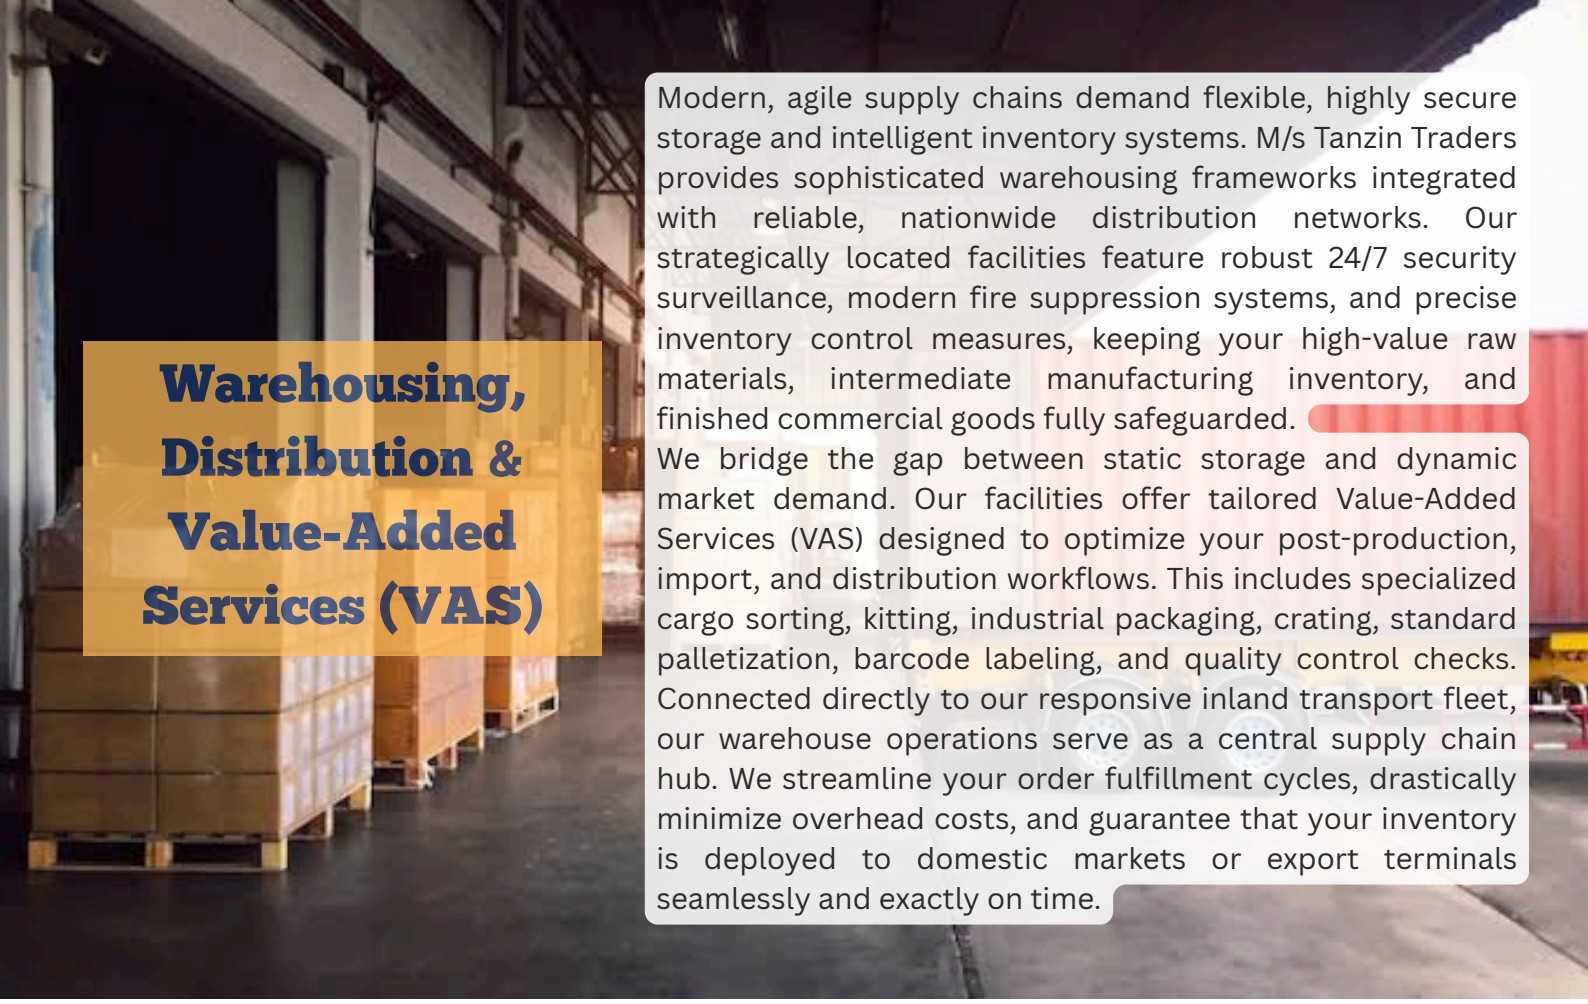

Inland distribution requires speed, safety, and an absolute command over local geography. M/s Tanzin Traders operates a highly secure and responsive domestic transport network capable of delivering robust cross-country haulage and rapid last-mile distribution across Bangladesh. We move containerized cargo from ports to factories, loose commercial goods, and raw manufacturing materials with clockwork precision and unmatched safety standards.

Our inland transport infrastructure is engineered to mitigate transit risks, avoid unnecessary highway delays, and keep your inventory perfectly synchronized. By employing strictly verified fleets and highly experienced drivers, we establish ultra-reliable distribution corridors that seamlessly connect major industrial zones, EPZs, commercial centers, and remote regions. Backed by proactive route planning, alternative route contingencies, and strict timing parameters, we ensure that your cargo arrives safely, intact, and in perfect condition exactly when your business demands it—proving that no distance is a barrier to your growth.

Project Cargo Management

Managing out-of-gauge (OOG), oversized, or heavy-lift industrial cargo demands elite engineering and flawless execution—where M/s Tanzin Traders excels. We specialize in high-stakes project logistics for the infrastructure, energy, ready-made garments (RMG), manufacturing, and public sectors. We move what conventional freight forwarders cannot, handling massive industrial components, heavy machinery, power plant equipment, and raw project materials that require specialized assets like multi-axle hydraulic trailers, low-bed trucks, and high-capacity mobile cranes.

Our execution model is rooted in comprehensive risk mitigation. Long before transit begins, our logistics engineers conduct rigorous physical route surveys, bridge structural load assessments, and port-clearance feasibility studies. We handle the entire regulatory blueprint, directly coordinating with the Roads and Highways Department, local law enforcement, and utility bodies to secure mandatory permissions, oversized cargo permits, and civil escorts. From coordinating complex ship-to-shore heavy lifts to executing precise on-site positioning and foundation placement, we turn intricate, high-risk project movements into highly predictable, safe, and successful operations.

Warehousing, Distribution & Value-Added Services (VAS)

Modern, agile supply chains demand flexible, highly secure storage and intelligent inventory systems. M/s Tanzin Traders provides sophisticated warehousing frameworks integrated with reliable, nationwide distribution networks. Our strategically located facilities feature robust 24/7 security surveillance, modern fire suppression systems, and precise inventory control measures, keeping your high-value raw materials, intermediate manufacturing inventory, and finished commercial goods fully safeguarded.

We bridge the gap between static storage and dynamic market demand. Our facilities offer tailored Value-Added Services (VAS) designed to optimize your post-production, import, and distribution workflows. This includes specialized cargo sorting, kitting, industrial packaging, crating, standard palletization, barcode labeling, and quality control checks. Connected directly to our responsive inland transport fleet, our warehouse operations serve as a central supply chain hub. We streamline your order fulfillment cycles, drastically minimize overhead costs, and guarantee that your inventory is deployed to domestic markets or export terminals seamlessly and exactly on time.

Customs Brokerage/ Customs Clearing & Forwarding (C&F)

Navigating complex tariff structures and trade compliance is critical to avoiding supply chain bottlenecks. As a premier, premier-tier Customs Clearing & Forwarding (C&F) operator in Bangladesh, M/s Tanzin Traders delivers deep regulatory expertise across all major customs stations, including Chattogram Port, Dhaka Airport (Aircargo), Mongla Port, and key land customs stations like Benapole.

We serve as your trusted legal advocate, ensuring absolute compliance with local customs acts and international trade protocols. Our dedicated brokerage specialists manage precise Harmonized System (HS) code classification, import/export valuation assessments, and custom duty optimization. We handle the flawless processing of Bills of Entry, Bills of Export, assessment procedures, physical inspections, and the procurement of mandatory regulatory certifications (such as BSTI, Radiation, or Phytosanitary certificates). By proactively resolving technical documentation queries and verifying compliance before your cargo arrives at the border, we completely eliminate administrative delays, shield your business from costly demurrage, and secure rapid, friction-free cargo clearance.

Shipping Agency Services & Port Documentation

In the global maritime industry, vessel downtime directly equates to severe financial loss. To protect your assets, you need an officially authorized partner on the ground. M/s Tanzin Traders is a fully licensed Shipping Agent, formally authorized by Bangladesh Customs. This prestigious license grants us direct, unhindered authority to operate across all major maritime hubs in Bangladesh, including Chattogram Port, Mongla Port, and Payra Sea Port. We offer our premium agency services to all global shipowners, charterers, and vessel operators, bringing the comprehensive capability and structural readiness required to handle every single aspect of shipping agency work flawlessly.

We serve as your dedicated, round-the-clock port representative, prioritizing rapid vessel turnaround times, administrative precision, and cost-effective husbanding workflows. Our shipping agency infrastructure seamlessly handles the entire operational and legal lifecycle for container ships, bulk carriers, oil tankers, and project cargo vessels alike.

📄 Specialized Maritime Documentation & Customs Compliance

As your licensed agent, we take absolute ownership of the dense regulatory and administrative workflow required by Bangladesh Customs, Port Authorities, and Mercantile Marine departments. Our dedicated documentation team executes:

- **Pre-Arrival Manifesting & Inward Entry:** Preparing and submitting the Inward Import General Manifest (IGM) to Bangladesh Customs via the ASYCUDA system within mandatory statutory timelines before the vessel drops anchor. We secure the Inward Entry Permission from the port authority seamlessly.
- **Vessel Clearance Documentation:** Compiling, verifying, and presenting critical marine documents including the Certificate of Registry, Load Line Certificate, Safety Radio Certificate, and Ship Sanitation Control Certificate to local maritime surveyors.
- **Port Entry & Sailing Formalities:** Managing the issuance and filing of the Notice of Readiness (NOR) upon arrival. Prior to departure, we clear all local port dues, pilotage fees, and berthage charges to swiftly secure the official Port Clearance Certificate (PCC), preventing costly sailing delays.
- **Cargo Documentation Processing:** Efficiently managing the release of Delivery Orders (DO), verifying Bills of Lading (B/L), preparing Statement of Facts (SOF), and compiling comprehensive Time Sheets to accurately calculate laytime and protect you from demurrage disputes.
- **Immigration & Health Declarations:** Flawlessly processing the Crew List, Passenger List, Crew Declaration forms, and Maritime Declaration of Health to obtain immediate Free Pratique from Port Health Officers.

Shipping Agency Services & Port Documentation

🏗️ On-Ground Port Operations & Vessel Husbanding

Beyond the paperwork, we deploy experienced port boarding officers to manage the physical footprint of your vessel call:

- **Port & Stevedoring Coordination:** We liaise directly with port traffic departments and pilotage services to secure swift berth allocation. We oversee fast stevedoring and cargo handling operations to maximize cargo loading and discharging rates.
- **Comprehensive Husbanding Care:** We deliver highly coordinated husbanding support, including the procurement of secure bunkering (fuel and lubricants), freshwater supply, technical ship provisions, deck and engine store delivery, and coordinate specialized marine surveys.
- **Crew Logistics & Medical Support:** We manage smooth crew changes, handle OK-to-Board letters, airport transfers, port visa arrangements, and secure immediate medical assistance for vessel personnel whenever required.
- **Financial Transparency:** We provide clear, accurate, and structured Disbursement Accounts (DA) with zero hidden variables, ensuring ship operators can audit local expenses with total confidence.

Backed by our official Bangladesh Customs Shipping Agent License and strong connections with local port authorities, M/s Tanzin Traders possesses the absolute capability to handle any shipping agency mandate successfully. We invite all international maritime partners to experience a standard of local representation that insulates your operations from port delays and guarantees that your vessels remain profitable and mobile.
